When you stand and gaze up at some beautiful new building, did you ever stop to think how many different firms had been employed to bring it to such a grand and permanent success? There are the brickyards, lumber yards, hardware firms, excavators, cement firms, carpenters, and last but not least the sheet metal shops. THE NEWMAN & STUART CO., known as the Pioneer Cornice Shop, at 2254 Washington Ave., is one of our largest sheet metal shops and has helped to beautify many of our big buildings both in Ogden and in the surrounding towns. But they do not confine their work exclusively to sheet metal work. They also put in hot air furnaces in private homes as well as buildings. A full and complete list of these are kept in their offices, and you will find the slogan, "EVERY JOB A SALES-MAN," indeed true in their case.—Advertisement.

Deafness Cannot Be Cured Deafness Cannot Be Cured
by local applications, as they cannot reach the
diseased portion of the ear. There is only one
way to cure deefness, and that is by constitutional remedies. Deafness is caused by an inflamed
condition of the mucous lining of the Eustachian
Tube. When this tube is inflamed you have a
rumbling sound or imperfect hearing, and when
it is entirely closed Deafness is the result, and
unless the inflammation can be taken out and
this tube restored to its normal condition, hearing will be destroyed forever, nine cases out of
ten are caused by Catarrh, which is nothing but
an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case
of Deafness (caused by catarrh) that cannot be
cured by Hall's Catarrh Cure. Send for circulars, free.

into believing that because a baking powder foamed up over the top of a glass when water was added, that it was a good, pure and strong baking powder.

It foams because it contains ALBUMEN (sometimes called white of egg).

ALBUMEN in baking powder is no help in the baking. It does not make a stronger or better baking powder. It deceives the consumer when she sees it foam in the glass.

United States Government authorities have declared that the water glass test is a fraud, and that albumen does not help in the baking.

The manufacturers of K C BAKING POWDER have never found it necessary to resort to such fraudulent methods.
